Show support for TEXAS WOMEN!

Texas Governor Rick Perry and his conservative allies have once again chosen politics over Texas women. To Governor Perry, women's health is just a political game.

Join other supporters at a rally this Saturday to support Texas women.
Help us send a message to Governor Perry — you've done enough damage.
Don't mess with Texas Women!

**Saturday, March 10
2:00pm**

Magnolia Green Park
1215 Hemphill Street
(between W. Magnolia and W. Rosedale)
Fort Worth, TX 76104

Background: Governor Perry would rather throw health care for an additional 130,000 women overboard than allow Planned Parenthood to provide health care like breast and cervical cancer screenings, birth control, and STD prevention through public health programs.

Questions? Email info.public@ppnt.org or call 214-302-8386. Hope to see you Saturday!

P.S. Send an email directly to Governor Perry! Sign the petition at www.wereheretexas.org
